

CLIMATE CHANGE: RESOURCES

Books

The Rough Guide to Climate Change	Robert Henson
Global Warming: A Very Short Introduction	Mark Maslin
Global Warming: The Complete Briefing	John Houghton
Six Degrees	Mark Lynas
The Revenge of Gaia	James Lovelock
The Weather Makers	Tim Flannery
Carbon Calculator	Mark Lynas
Sustainable Energy – Without the Hot Air	David MacKay (free to download from www.withouthotair.com)

Additional Resources: for general information

The Royal Society

- some more general and less technical material is at www.royalsoc.ac.uk/landing.asp?id=1278
- including an attempt to address some of the controversial issues at www.royalsoc.ac.uk/page.asp?id=6229

The New Scientist magazine

- special report "Climate change: A guide for the perplexed" www.newscientist.com/article/dn11462

Al Gore's Climate Leadership Programme

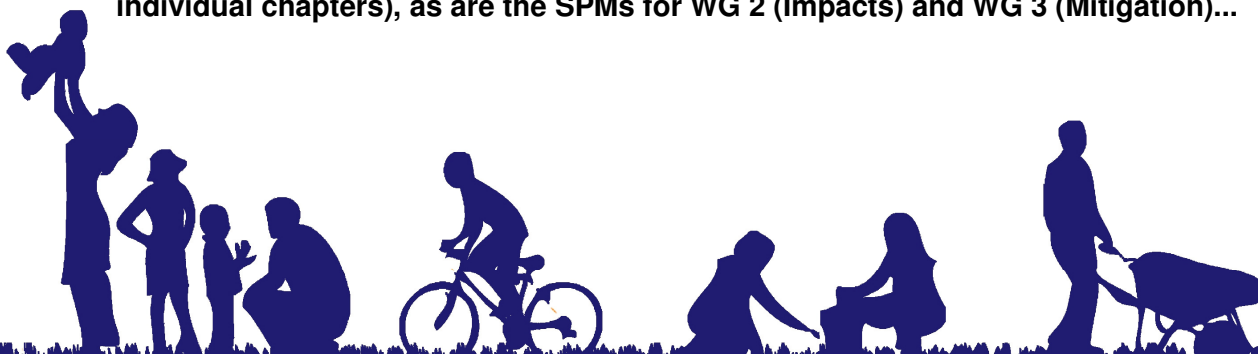

- run in the UK by the Cambridge Programme for Industry. www.cpi.cam.ac.uk/our_work/executives_seminars/clp/about_clp.aspx
- material specific to Al Gore's involvement in the UK is at www.cpi.cam.ac.uk/gore/

Additional Resources: for detailed information

The Met Office (Hadley Centre), who run the best big, detailed climate models in the UK
www.metoffice.gov.uk/research/hadleycentre/index.html

The IPCC (Intergovernmental Panel on Climate Change)

- www.ipcc.ch/
- the Summary for Policymakers (SPM) of Working Group 1 (on the Physical Science Basis of Climate Change) <http://ipcc-wg1.ucar.edu/wg1/wg1-report.html>
- The whole report is also downloadable from the site at www.ipcc.ch (but only as individual chapters), as are the SPMs for WG 2 (Impacts) and WG 3 (Mitigation)...

CLIMATE CHANGE: RESOURCES

Additional Resources: re Controversies

- For much more detailed and really well-informed discussion of climate change controversies see the Realclimate web-log site at www.realclimate.org/

Most of the main postings here are by really good & knowledgeable people, though you need patience to wade through all the comments. Check the index to see the tremendous range of subjects covered here...
